Timmy has performed at The Kennedy Center, The National Theater and in countless schools and concert halls across the country.

Susana Abell is a bilingual puppeteer, a delightful performer who also holds a graduate teaching degree. She has worked in South America, Europe and the New York metro area with sponsorship including Carnegie Hall and The Geraldine R. Dodge Foundation.

This very special event is part of a week-long school and community residency funded in part by the North Carolina Arts Council.

"As teaching artists, our work together focuses on sharing with our students the idea that there are many different ways to share a story, in effect, to share their own inner creativity in a way that suits them best." says Susana. "Our family night concerts provide a wonderful opportunity for families and friends to come together, share some great music, maybe hear a story told, and remember that you don't always have to plug something in to have a good time!"
